

NATURE DAY CAMP

CARKEEK PARK EARTHKEEPERS

Ages 6–12

Below are themes and descriptions for our camps.
Please contact us for more information or to register.

Mon–Fri | 9 am–4 pm

Cost: \$250/week

(\$200 for the week of 7/4)

Sibling discounts \$10/week (\$8 for the week of 7/4)

For more info go to: www.bit.ly/carkeekcamps

WEEK 1: 7/2–7/6 | WILD CREATIVITY*

Want to spend summer days observing the natural world through color and creation? There are no limits to what may be discovered! Using unique field journals and natural space as canvas, we will explore this colorful park.

**No camp on 7/4*

WEEK 2: 7/9–7/13 | WET AND WONDERFUL TIDEPOOL EXPLORATION

Love the beach? This week of exploration takes campers who love the ocean to a deeper level. A week full of great low tides, we will venture down daily to uncover treasures as the water is pulled out.

WEEK 3: 7/16–7/20 | NATURE DETECTIVE

This week we dig deep to understand the mysteries of science and nature. Through inquiry and investigation, we will uncover methods of the natural world! Activities will be based on campers' own questions and hypothesis.

Includes a field trip to the Zoo.

CARKEEK PARK

950 NW CARKEEK PARK RD, SEATTLE WA 98177
PHONE: 206-684-0877

Registration begins February 6, 2018!

WEEK 4: 7/23–7/27 | PASSPORT TO THE PUGET SOUND

Campers will spend time on the beach each day, investigating the wonders of the Puget Sound. Observing shoreline species with daily low tides, and exploring what lives in the depths of our waters.

Includes a trip to the Seattle Aquarium

WEEK 5: 7/30–8/3 | CARKEEK SURVIVOR

Do you want to learn how to survive in our forests? This week we will practice outdoor skills including packing for an adventure, navigation, use and identification of native plants, and how to make fire by friction.

WEEK 6: 8/6–8/10 | MIGHTY MICRO WORLDS

Do tiny critters fascinate you? Campers will look closely at insects from multiple habitats to learn about their role in different ecosystems. We will create bug-related art, learn about insect transformation and why even humans depend on pollinator pathways.

WEEK 7: 8/13–8/17 | PNW TIME TRAVEL

Campers will discover why Carkeek and the Pacific Northwest are so special to learn and grow in. Activities include safe identification of plants and traditional uses, discovering how the Puget Sound and nearby mountains were formed, and Native American storytelling.

WEEK 8: 8/20–8/24 | ULTIMATE OUTDOOR EXPEDITION

Join us as we follow the courageous young Sam Gribbley on his year-long adventure of surviving in the forest. Inspired by the classic chapter book, *My Side of the Mountain*, activities include building a shelter, fire preparation, and orienteering.
